

Lux Rent Terms and Conditions

Lux Rent:

Terms and Conditions

Introduction:

These terms and conditions (T&Cs) govern the rental agreement between Lux Rent and its customers. By renting a vehicle from Lux Rent, the customer acknowledges and accepts these T&Cs, which are enforceable under Luxembourg law. This document details the responsibilities of both parties to ensure a transparent and hassle-free rental experience.

1. Rental Period

1.1 Definition of Rental Period:

The rental period starts when the customer collects the vehicle at the agreed time and location and ends upon returning it to Lux Rent or another authorized location. Any extensions to the agreed-upon return time require prior written consent from Lux Rent, and unauthorized extensions will incur additional daily fees. Note that early returns might not be eligible for partial refunds.

1.2 Late Returns:

Lux Rent offers a grace period of one hour beyond the agreed return time. After this period, a full day's rental fee or hourly charges apply. If the return is delayed by more than 24 hours without prior notice, additional penalties may apply, including possible suspension of insurance coverage. It's essential to notify Lux Rent of anticipated delays to minimize fees and ensure continued insurance protection.

2. Payment and Fees

2.1 Rental Rates:

Rental rates depend on the selected vehicle category and the rental period. All applicable taxes, standard fees, and basic insurance are included. Payments can be made via credit or debit card, and it's crucial to verify all charges during booking to avoid discrepancies. Extra services like child seats, or additional driver coverage can also impact the final price.

2.2 Additional Fees:

Additional fees can arise for a range of services and infractions. Refueling fees apply if the vehicle is returned with less fuel than at pickup. Cleaning fees will be charged if the car is returned excessively dirty. Administrative handling fees may be imposed for managing traffic violations, and fees may also apply for returning the vehicle to a different location. Ensure you understand the complete fee structure to budget appropriately.

3. Driver Requirements

3.1 Age and Licensing:

Drivers must be at least 18 years old and have held a valid driver's license for at least one year. Some vehicle categories may require drivers to be 25 or older due to increased insurance risks. International drivers must present an International Driving Permit (IDP) along with their original license if it's not in one of Luxembourg's official languages (French, German, Luxembourgish) or English.

3.2 Driving Record:

Drivers with a history of major traffic violations, suspended licenses, or recent driving offenses may be ineligible to rent. Lux Rent reserves the right to reject any applicant based on their driving history, ensuring the safety and protection of the company and other road users.

4. Vehicle Use

4.1 Authorized Use:

Vehicles are intended solely for personal transportation within Luxembourg and other countries approved in the rental agreement. Commercial use, sub-leasing, towing, or off-roading are prohibited unless Lux Rent provides prior authorization. Misuse of the vehicle violates the T&Cs and can lead to penalties, including termination of the rental agreement.

4.2 Prohibited Use:

Using the vehicle for illegal activities, reckless driving, racing, or driving under the influence of alcohol or drugs is strictly forbidden. Engaging in these activities may void insurance coverage and lead to immediate termination of the rental agreement.

5. Insurance and Liability

5.1 Basic Insurance Coverage:

Standard insurance provides third-party liability and collision damage coverage, typically with a deductible. Renters can purchase additional coverage like Collision Damage Waiver (CDW) or Theft Protection (TP) to minimize their financial responsibility. Review these options during booking to select the best protection plan for your journey.

5.2 Customer Responsibility:

Renters are liable for damages up to the deductible amount and must cooperate fully in the claims process. Accidents, theft, or damage must be reported to Lux Rent immediately, and local police should be informed when required. Customers should follow the outlined procedures carefully to ensure valid claims and proper handling.

6. Fuel Policy

6.1 Fuel Return Requirement:

Vehicles should be returned with the same fuel level as at pickup. If returned with a lower level, Lux Rent will charge for fuel and a refueling fee to cover logistical costs. Refuel the vehicle before returning or consider the prepaid fuel option to avoid unexpected charges.

6.2 Prepaid Fuel Option:

The prepaid fuel option allows customers to buy a full tank at a reduced rate before returning the vehicle. This option eliminates the need to refuel before returning and offers convenience, especially when traveling on tight schedules. However, it may not be cost-effective if the entire tank isn't used.

7. Breakdown and Assistance

7.1 Roadside Assistance:

Lux Rent provides 24/7 roadside assistance for mechanical breakdowns or accidents. If you encounter issues, contact the customer support line immediately, providing your location and a description of the problem. Unauthorized repairs by the customer can void insurance and incur fees, so always reach out to Lux Rent first.

7.2 Replacement Vehicle:

If a breakdown is due to mechanical failure and not customer negligence, Lux Rent will provide a replacement vehicle if available. Renters should handle minor issues like tire changes and empty fuel tanks. For major breakdowns, follow the company's roadside assistance protocol.

8. Maintenance and Cleanliness

8.1 Customer Obligations:

During the rental period, customers are responsible for maintaining the vehicle's cleanliness and fluid levels. Smoking and transporting pets are generally prohibited unless otherwise stated in the rental agreement. Violating these rules can result in extra cleaning fees or penalties.

8.2 Cleaning Fees:

Vehicles returned excessively dirty, containing pet hair or smelling of smoke, will incur a cleaning fee. The exact fee will depend on the condition of the vehicle and the cleaning required. Please ensure that the vehicle is returned in a reasonably clean state.

9. Accident Reporting

9.1 Reporting Requirements:

Accidents, damages, or theft must be reported to Lux Rent immediately. Renters should complete an accident report form and inform local authorities if required. Failure to follow the reporting procedures could result in penalties and may void insurance coverage.

9.2 Cooperation:

Customers must cooperate fully with Lux Rent's insurance partners during investigations, providing any necessary documentation and assisting in claim processing. This ensures smooth and fair handling of all claims.

10. Cancellation and Modification Policy

10.1 Cancellation:

Cancellations made up to 24 hours before the pickup time are eligible for a full refund. If canceled after this period, Lux Rent reserves the right to impose a cancellation fee of up to 50% of the reservation cost. Contact customer service for help with cancellations.

10.2 Modifications:

Changes to the vehicle category or rental dates can be made if necessary, subject to availability. Modifications might involve extra charges, especially if changing to a higher vehicle category or extending the rental period. To ensure availability, make these changes well in advance.
